

*A brief description:*

*This is not a particularly scenic or challenging Permanent, but it's a great opportunity to ride your bike home from Phoenix instead of the motorized alternatives. The route begins at the intersection of Ray Rd and Priest/56th in Chandler and heads South through Maricopa. Head East on Rt 84 through the CAFOs of Stanfield before weaving through the outskirts of Casa Grande. Coolidge is a logical place for lunch at mile 69. Leaving Coolidge the shoulder on Rt 87/Arizona Blvd is bumpy, but after 5 miles it smoothes out nicely. From Picacho to Marana you will be on the I-10 Frontage Rd. You will ride through Marana through the cotton fields and finally return to the I-10 Frontage Rd for the last couple of miles Twin Peaks to Cortaro. The Finish is at Cortaro and I-10.*
